Dear Service User

Re: Hearing Aid Service User Feedback

West Hampshire CCG would welcome feedback from people using Hearing Aid services and in particular on changes to the current high street providers.

If you have access to internet please would you complete the online questionnaire by clicking [here](#). The survey will take approximately 5-10 minutes to complete.

If you do not have access to internet we are still keen to hear your views. Therefore if you are interested in attending a focus group/telephone discussion/face to face feedback, please call our team on 023 80627673.

Thank you in advance. Your comments and suggestions are important to ensure the changes made are meeting your needs.

Yours Sincerely

Bernadette White
